Website of the Month

New York Heritage Digital Collections

New York Heritage Digital Collections is comprised of primary resources from more than 350 libraries, museums, and other institutions.

It is a remarkable collection of resources that spans from the colonial era to present day. The collection includes photographs, letters, diaries, directories, maps, books, and more.

COLLABORATION IN THE LIBRARY

- Students can come to the library to research a topic and then create a WeVideo using their research! The WeVideo assignment could be a documentary, a commercial, a virtual trip, a political ad, or a traditional informational video!

- We can work with Mrs. Fiorito to have students learn how to create well-developed, interesting videos that reflect their research and understanding of the topic.

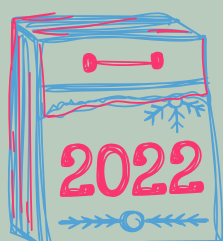

Welcome Back!

Last month students visited the library to make mugs and/or t-shirts influenced by their favorite line from *The Great Gatsby*.

This is a project that could be easily adapted for any content area!

IN THE LIBRARY

"In the case of good books, the point is not to see how many of them you can get through, but rather how many can get through to you."

- Mortimer J. Adler
